

NASDDDS NEWSLETTERS

*(Perspectives and Community Services Reporter are distributed by email in PDF format.)**

Perspectives

Perspectives provides a concise, monthly summary of national policy developments and initiatives affecting persons with developmental disabilities and the programs that serve them. From bills pending before Congress, to the explosive growth in Medicaid-funded services, to changes in federal-state Medicaid policies and the shift of government responsibility from Washington to the states, ***Perspectives*** keeps readers in tune with the latest national issues shaping publicly funded disability services. As its name denotes, ***Perspectives*** takes a step back each month to examine the implications of developments impacting on persons with lifelong disabilities.

Community Services Reporter (CSR)

Community Services Reporter is the only monthly newsletter in the country reporting exclusively on state and local policy and programmatic initiatives affecting people with developmental disabilities, including: person-centered planning models; quality assurance activities; managed care initiatives; state reorganizations; waiting list reduction initiatives; community-living options; and key state legislation, including an annual nationwide summary of newly enacted state laws. ***Community Services Reporter*** tracks developments throughout the country, and monitors state and local attempts to forge new approaches to supporting and caring for persons with developmental disabilities and their families.
