

ENABLING TECHNOLOGY ENGAGEMENT NETWORK

NASDDDS in partnership with ADvancing States, launched the **Enabling Technology Engagement Network**, designed to bridge the gap between cutting-edge technology solutions and the needs of individuals receiving LTSS.

The **ETEN** brings together state policymakers, health plan partners, and tech vendors to address challenges, open doors to new market opportunities, and accelerate innovation to ensure access to technology for all!

Network Objectives:

Educate states on the latest enabling technology solutions

Guide vendors on navigating Medicaid markets

Bridge knowledge gaps among states, health plans, and vendors

Foster federal solutions to streamline the adoption of new technologies

Ensure access to technology for all consumers

ETEN Vendor Membership Structure

Vendors may participate in one of three fee-based membership tiers.

Tier 1: Includes full participation and meeting summaries in the collaborative, branding on our webpage, and full participation at the conference including product showcase in your Enabling Technology Workroom booth and intensive participation. Price: \$20,000

Tier 2: Includes full participation and meeting summaries in the collaborative, branding on our webpage. No conference participation included. Price: \$10,000

Tier 3: Includes key takeaways of collaborative meetings and branding on our webpage. No conference participation or collaborative meeting participation. Price: \$2,500
